Investor Presentation

July 2026

Disclaimer

This presentation has been prepared by Jiayin Group Inc. (the "Company") solely for information purposes; it is not an ofer to buy or sell or a solicitation of an ofer to buy or sell any security or instrument, and has not been updated since it was originally presented.

By viewing or accessing the information contained in this presentation, you hereby acknowledge and agree that no representations, warranties or undertakings, express or implied, are made by the Company or any of its affiliates, advisers or representatives as to, and no reliance should be placed upon, the accuracy, fairness, completeness or correctness of the information or opinions presented or contained in this presentation. None of the Company or any of its affiliates, advisers or representatives accept any responsibility whatsoever (in negligence or otherwise) for any loss howsoever arising from any information presented or contained in this presentation or otherwise arising in connection with the presentation. The information presented or contained in this presentation is subject to change without notice and its accuracy is not guaranteed.

No part of this presentation shall form the basis of or be relied upon in connection with any contract or investment decision in relation to any securities or otherwise. You acknowledge that any assessment of the Company that may be made by you will be independent of this presentation and that you will be solely responsible for your own assessment of the market and the market position of the Company and that you will conduct your own analysis and be solely responsible for forming your own view of the potential future performance of the business of the Company.

This presentation contains "forward-looking" statements that are based on our management's beliefs and assumptions and on information currently available to management. Forward-looking statements include all statements, other than statements of historical fact contained in this presentation, including but not limited to, information or predictions concerning our future financial performance, projected growth and other strategies, business plans and objectives, potential market and growth opportunities, competitive position, technological or market trends and industry environment. In some cases, you can identify forward-looking statements by words such as "may," "will," "would," "should," "could," "expect," "plan," "anticipate," "believe," "contemplate," "estimate," "predict," "project," "intend," "potential," "continue," "ongoing" or the negative of these terms or other words or other similar terms or expressions. We caution you that the foregoing may not include all of the forward-looking statements made in this presentation. You should not rely on forward-looking statements as predictions of future events.

Forward-looking statements are based on information available at the time those statements are made or management's good faith beliefs and assumptions as of that time with respect to future events, and are subject to risks and uncertainties that could cause actual performance or results to difer materially from those expressed in, or suggested by, the forward-looking statements.

Potential risks and uncertainties include, but are not limited to, those relating to the Company's ability to retain existing investors and borrowers and attract new investors and borrowers in an effective and cost- efficient way, the Company's ability to increase the investment volume and loan facilitation volume facilitated through its marketplace, effectiveness of the Company's credit assessment model and risk management system, PRC laws and regulations relating to the online individual finance industry in China, general economic conditions in China, and the Company's ability to meet the standards necessary to maintain listing of its ADSs on the Nasdaq Stock Market or other stock exchange, including its ability to cure any non-compliance with the continued listing criteria of the Nasdaq Stock Market, as well as risks, uncertainties and other factors described in "Risk Factors" and elsewhere in our most recent annual report on Form 20-F filed with the Securities and Exchange Commission (the "SEC"), which is available on the SEC's website at www.sec.gov. It is not possible for our management to predict all risks, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements we may make. Additional information will be available in other future reports that will be filed with the SEC from time to time, which could cause actual results to vary from expectations. Except as required by law, Jiayin Group Inc. does not undertake any obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future developments or otherwise.

This presentation contains non-GAAP financial measures, which are provided as additional information to help you compare the Company's operating and financial performance among different reporting periods on a consistent basis and to enhance your overall understanding of the historical and current operating and financial performance of the Company. These non-GAAP financial measures should be considered together with results prepared in accordance with the U.S. GAAP, but should not be considered in isolation or as a substitute for or superior to the Company's U.S. GAAP results. In addition, the Company's calculation of these non-GAAP financial measures may be different from the calculation used by other companies, and therefore comparability may be limited. This presentation also sets forth a reconciliation of such non-GAAP financial measures to the nearest U.S. GAAP measures for your reference.

This presentation also contains statistical data, estimates and forecasts that are based on independent industry publications or other publicly available information, as well as other information based on our internal sources. This information involves many assumptions and limitations, and you are cautioned not to give undue weight to these estimates. We have not independently verified the accuracy or completeness of the data contained in these industry publications and other publicly available information. Accordingly, we make no representations as to the accuracy or completeness of that data nor do we undertake to update such date after the date of this presentation.
